EARTH FRIENDLY FLOOR MEDIA

Alumigraphics Grip is a textured, aluminum foil material that is printable and can be directly applied to a variety of surfaces including sealed and unsealed concrete, asphalt, brick, tile, terrazzo, marble, and vinyl flooring as well as brick, stucco, cinderblock and other exterior masonry wall surfaces. UL & ASTM classifications. Can be disposed with aluminum recycling.

Part Numbers

FS AGG075

Available Sizes

53"x75'

EARTH FRIENDLY FILM MEDIA

3

Legacy Composite Banner 210 is a unique 8.8 mil PP/PET/PP composite composition with a bright satin finish and dead opaque inner layer for 2-sided printing. Three layer composition yields superior flatness and exceptional handling characteristics when printed on Latex L3xx HP Latex (3xx, 5xx, 1500, 3xxx, Rseries) or any UV printer.

**Part Numbers**

LG S02 BAN4119 36164M
 LG S02 BAN4120 50164M
 LG S02 BAN4121 60164M

Available Sizes

36"x164'
 50"x164'
 60"x164'

Drytac EarthSmart Eclipse is a PVC-free 8 mil white PP blackout banner media. High-performance, copolymer film with high tensile strength that is a cost-effective alternative to traditional PVC banner. Light-blocking print media is dimensionally stable and is compatible with traditional sewing, grommeting and heat welding (not compatible with RF welding). Double-sided printability and can be recycled in commercial plastics recycling programs where available. Only UV Compatible.

**Part Numbers**

LG S04 FIL5404 36100M
 LG S04 FIL5405 50100M
 LG S04 FIL5406 60100M

Available Sizes

36"x100'
 50"x100'
 60"x100'

Legacy Smooth Roll Up Poly Blockout is PVC-free 8.2mil multi-layer PP Blockout with universal coating for Latex L3xx HP Latex (3xx, 5xx, 1500, 3xxx, Rseries) or any UV printer. Tear resistant and anti-curl.

**Part Numbers**

LG S04 FIL5404 36100M
 LG S04 FIL5405 50100M
 LG S04 FIL5406 60100M

Available Sizes

36"x100'
 50"x100'
 60"x100'

Legacy Crystal Clear PET Film is a 10 mil rigid, durable and dimensionally stable plastic with anti-curl properties. Optically clear PET can be folded, sheeted, die cut, grommeted, glued and sewn and is excellent for book jacket overlays, silver backed-mirror imaging, magazine inserts and multi-layer book pages. Excellent chemical, abrasion and temperature resistance.

**Part Numbers**

LG S01 FIL2422 .010X57X150C

Available Sizes

57"x150'

Legacy CHROME is a metallic (bright silver) surfaced roll-up film that is 100% polyester, 7mil thick and compatible with Solvent, Latex, UV and R Series.

**Part Numbers**

LGS04FIL567960100CRM

Available Sizes

60"x100"

Sihl Texbanner Xtreme White is a 12.5 mil layflat flexible banner that is PVC-free and recyclable. Bright white, 100% synthetic non-woven universal outdoor banner material. High tensile strength and tear resistant. High water resistance. Can be stapled, sewn, or used with grommets. Compatible with Aqueous, Latex and UV printers.

**Part Numbers**

SI 3275-36
 SI 3275-54

Available Sizes

36"x125'
 54"x125'

EARTH FRIENDLY BACKLIT MEDIA

Legacy Universal PET Backlit Matte is a translucent 8.5mil polyester coated backlit film designed for top quality graphic art applications in light boxes with high contrast. Semi-matte coating reduces glare and provides high quality image density, vivid colors and outstanding image resolution with or without light. Compatible with Latex L3xx HP Latex (3xx, 5xx, 1500, 3xxx, Rseries) or any UV printer. Easy to install.

**Part Numbers**

LG S01 BL4181 36100M
 LG S01 BL4176 54100M
 LG S01 BL4180 60100M

Available Sizes

36"X100'
 54"X100'
 60"X100'

Legacy Crystal Clear PET Removable is a 4.9 mil optically clear polyester film that is reversible, repositionable, and easily removed without residue due to its siliconized removable adhesive. Compatible with Latex L3xx HP Latex (3xx, 5xx, 1500, 3xxx, Rseries) or any UV printer. Excellent gradation and ideal for POP and window displays.

**Part Numbers**

LG S01 BL5624 60100G

Available Sizes

60"x100'

Legacy Crystal Clear PET Permanent is a 4.9 mil optically clear polyester film that is permanent, but easily removable. Transparent polyester film with transparent self-adhesion. Compatible with Latex L3xx HP Latex (3xx, 5xx, 1500, 3xxx, Rseries) or any UV printer. Excellent gradation and ideal for POP and window displays.

**Part Numbers**

LG S01 WIN4233 54100OC

Available Sizes

54"x100'

Legacy Crystal Clear Window Film UV is 2 mil optically clear PET Film with 4 mil release liner with an optically clear permanent adhesive. Features anti-scratch coating. UV, Rseries compatible.

**Part Numbers**

LG S01 WIN5625 61150OC

Available Sizes

61"x150"

Drytac Viziprint Impress Clear UVL is a 4 mil optically clear PET film with proprietary adhesion technology that is protected by a clear, single-side siliconized release liner. Its proprietary adhesion technology creates a strong bond in both high and low temperatures without leaving residue behind, eliminates bubbling and is unaffected by moisture. Can be repositioned and reapplied multiple times, and removes cleanly up to 3 years after installation.

**Part Numbers**

DT VPI54098-V2

DT VPI60098-V2

Available Sizes

54"x98'

60"x98'

Drytac Viziprint Impress Clear SEL is a 5 mil optically clear PET film with an ink-receptive top coat and proprietary adhesion technology that is protected by a clear, single-side siliconized release liner. Its proprietary adhesion technology creates a strong bond in both high and low temperatures without leaving residue behind, eliminates bubbling and is unaffected by moisture. Can be repositioned and re-applied multiple times, and removes cleanly up to 3 years.

**Part Numbers**

DT VPI54098-SELV2

DT VPI60098-SELV2

Available Sizes

54"x98'

60"x98'

Drytac Viziprint Impress White SEL is a 5 mil ultra white PET film with proprietary adhesion technology that is protected by a clear, single-side siliconized release liner. Its proprietary adhesion technology creates a strong bond in both high and low temperatures without leaving residue behind, eliminates bubbling and is unaffected by moisture. Can be re-positioned and re-applied multiple times, and removes cleanly up to 3 years after installation.

**Part Numbers**

DT VPIW54098-SELV2

DT VPIW54328-SELV2

Available Sizes

54"x98' add 60x98

54"x328'

Drytac Viziprint Illuminate is 4 mil high quality, translucent matte PET film that uses a mechanical bond to adhere graphics to glass and other smooth, flat surfaces. With its proprietary adhesion technology, no residue is left behind after removal. Very durable and does not require over lamination. Reverse printable, bright white base color and ability to diffuse light creates brighter, more vivid window images that have a wider color gamut.

**Part Numbers**

DT VPIL54098

DT VPIL60098

Available Sizes

54"x98'

60"x98'

EARTH FRIENDLY MAGNET MEDIA

5

Universal Magnetic Receptive PET is a 12 mil white PET with universal print surface and iron oxide coated backing.

**Part Numbers**

LG M02 MAG5638 54100PET
 LG M02 MAG5667 60100PET
 LG M02 MAG5673 54150PET
 LG M02 MAG5674 60150PET
