

# Advantages of INFINITY®

Available from your local distributor:

	UV Resistant Styrene Surface. <i>*Test Method: ASTM G154-16 Custom Cycle Test Lab: Q-Lab Test Services</i>
	22% less in weight (*results based on 3/16" 4'x8') Reduced freight costs.
	Over 30% production time savings. Cuts cleanly with a drag knife vs routing... even up to 1/2" thickness!
	No Pre-Cleaning required – countless production hours saved.
	Smoothest surface. Ease in profiling, less ink usage, less production cost! Ability to laminate accessory materials.
	Pooled & Drop Ship Programs.
	Run to size sheets: 16"x22" to 60"x192" and everything in between!
	Gauges: 3mm to 1" Available in 3mm, 3/16", 1/4", 3/8", 1/2", 3/4", and 1" 3mm can replace PVC!
	Fold and ship into standard boxes. Can be cold-bent and folded to fit into standard UPS/FEDEX box dimensions.
